

Organizational Funding

Organizations involved with at-risk youth may apply for funds to further their goals, projects and programs that directly influence at-risk youth. When applying, please feel free to request funds for existing activity and future desired involvement with at-risk youth. We would like to hear what you wish to do and what you are doing. Examples of projects might include requests for multi-agency staff training events, scholarships for children to attend on-going programs, child-centered equipment and supplies, and organizational equipment and sustaining needs. Our committee prefers not to fund requests for merchandizing and promotional items such as tee-shirts, caps, bags, logo material and the like, or attendance inducements (snacks, drinks and so forth). You know best what is needed now in our community and we look forward to your ideas.
